

# Drinktec 2017

From September 11th to 15th Actemium will be present at Drinktec 2017 in Munich Messe: world's leading trade fair for the beverages and liquid foods industry.

Producers from all over the world will be meeting up with suppliers and customers, making Drinktec the perfect platform for an array of world premieres.

Come feel 'at home' at our booth, **showcasing** a booster and machinery for deaeration and carbonation, or discover our solutions for eco production, self-learning CIP, Big Data, etc.

## Meet Actemium @ Hall A3 – 330

- Expertise for the **process and software component of your BeerMix and beverage preparation** projects, including mechanical engineering, installation and services
- Key-player in the **transformation to a smarter industry: Smart Process – Smart Energy – Smart Maintenance**
- **Customer-specific solutions**, based on a many years' experience and multidisciplinary know-how
